\* Due to the typical delays in recording sales, reported unit activity will appear artificially low for the most recent month. Our projected unit activity assumes that only 89.0 percent of all sales are reported in time for this report. Year-to-date figures are now updated each month in the interest of accuracy. | \*\* Does not include prices from any previous listing contracts or seller concessions. | Activity for one month can sometimes look extreme due to small sample size.
